

REMARKS

The subject Amendment is being filed to more accurately set forth the claimed invention.

In that regard, Claim 2 has been amended to recite that the shutter member in "an open state" is movable into the case member. Support for this change can be found, for example, on page 13, lines 23-27 of the specification. The amendment to Claim 2 was discussed with the Examiner in a telephone conversation on March 18, 2004, and it was tentatively agreed that such a change would be acceptable. Additional details of the telephone conversation are set forth in the Statement of Substance of the Interview, filed concurrently herewith.

Due consideration and entry of the subject Amendment is respectfully requested.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,
